Message from the President

Dear Everyone,

As I reflect on the journey of the past year, my heart is filled with gratitude and pride. Saksham Bharti has continued to move forward with renewed energy, touching lives and creating opportunities where they are needed the most.

Our mission remains steadfast – empowering marginalized communities through education and skill development so they may lead self-reliant and dignified lives. What makes me most proud is not just the programs we run, but the transformation we witness in the people we serve.

This year, we further strengthened our core areas of impact:

Skill Training : More students are now equipped with market-relevant skills, securing stable employment.

Digital Fluency : Our programs have empowered young minds to confidently navigate the digital world.

Entrepreneurship : Several individuals have turned their ideas into thriving small businesses, becoming role models in their communities.

Emotional Intelligence Quotient : Our holistic training continues to build confidence, communication, and leadership abilities.

Our partnerships have grown stronger and more meaningful. We have opened many new centers at various locations, the very recent one being at Nangloi, New Delhi.
With **NIIT Foundation** and **Magic Bus**, we continue to prepare youth for the demands of the digital economy. The collaboration with Emigel has opened exciting career pathways in nail extension training, particularly uplifting young women.

The success stories emerging from our initiatives remind us why we do what we do. Every student who secures a job, every young woman who gains financial independence, every family that begins to dream bigger – is a testament to the power of collective effort.

As we celebrate these milestones, we also acknowledge that our journey is far from over. The challenges before us are many, but so are the opportunities. Together with our supporters, partners, and well-wishers, we will continue to expand our reach and create lasting impact.

On behalf of Saksham Bharti, I extend my heartfelt thanks to everyone who has stood with us on this transformative journey. Let us move forward with the same spirit of service and commitment, building a society where every individual has the chance to grow, contribute, and thrive.

With gratitude and determination,

Rajeev Kumar Kalra

President, Saksham Bharti

Who We Are & What We Stand For

Saksham Bharti is a registered non-profit organization dedicated to the empowerment of marginalized communities, particularly those from socially and economically weaker backgrounds. Founded in the year 2000, Saksham Bharti works to create pathways for self-reliance through skill-based learning, with a special focus on urban youth aged between 17 and 23 years. However, the programs remain open to all age groups, ensuring inclusive access to opportunities for both men and women.

Through free or highly subsidized vocational education, Saksham Bharti provides training in diverse fields including Computer Education, Tally, Spoken English, Stitching & Embroidery, and Beauty Culture. In addition to skill development, a variety of extracurricular and personality development activities are conducted regularly to build confidence, communication, discipline, and teamwork among participants.

What sets Saksham Bharti apart is its robust network of over 250 volunteers who bring a wealth of experience from Professional fields such as engineering, IT, law, finance, education, and entrepreneurship. These individuals contribute not just their time and knowledge but also financial support.

The organization is supported by a committed team of executive members who meet frequently to plan, evaluate, and improve operational effectiveness. This leadership team ensures that the programs remain relevant, impactful, and aligned with the organization's long-term vision. Individuals who share this mission are welcome to contribute their services as volunteers and can become lifetime members of Saksham Bharti by paying a nominal one-time membership fee of ₹1000.

Saksham Bharti operates from four key locations across Delhi: Raghubir Nagar, Dwarka, Aya Nagar and Vikas Nagar. These centers are designed to be easily accessible by various modes of public transportation, including Delhi Metro, buses, e-rickshaws, and app-based cab services. Detailed addresses of each center can be found on the cover page of this report.

Over the years, Saksham Bharti has become more than just a training center and it is a movement of people who believe in the power of education, skill development, and community support to drive social change. With every course completed and every learner empowered, we take another step toward a more skilled, self-reliant, and inclusive society.

Then, she also took admission in the Makeup & Hairstyle Course and successfully completed her course and got second position in the examination.

After completing the training, she went for an interview at one of the best salons in Dwarka, named Mango, and she got selected. Now she's earning Rs. 12000/- stipend as a fresher, and she also gets freelance opportunities.

Appeal for Donation

This year, Saksham Bharti proudly is Celebrating 25 years of transformative impact — a journey defined by resilience, purpose, and community-driven changes.
From modest beginnings to now operating, we train over 1,000 youth annually in computer education, English communication, tailoring, stitching, and beauty culture. Our ecosystem also supports students through scholarships, mentoring, career counselling, and job placement, all achieved without government funding, sustained entirely by the passion and generosity of our volunteers and supporters.

From 25 to 50 years, we aim to deepen our impact, reach more lives, and strengthen the foundation we've built. To do this, we need your continued support — your trust, your involvement, and your contributions.

We invite you to be part of this next chapter. Whether as a monthly, half-yearly, or annual supporter, your involvement feel real, measurable change.
Let's build the future — together.
